Three Fires Tuesday.

An alarm from box 32 about noon Tuesday called the fire department to the residence of Mr. Ossian Edwards, on South Main street, where a blaze was discovered in the garret. The fire was quickly controlled by the good work of the department, with a small loss to the property.

The department was called out again Tuesday night by an alarm from box 34. A lamp exploding in the store room of Alex. Talbot's grocery, near the Midland depot, caused a small blaze. The loss was small.

Fire of an unknown origin totally destroyed the fine country home of Mr. John C. Bedford, on the Clay and Kiser aike, about five o'clock Tuesday afternoon. Mr. and Mrs. Bedford were away from home at the time. Neighbors rescued the larger part of the household effects. There was no insurance on the house.

Much Smoke; Little Fire.

Two warrants were issued from the County Attorney's office for alleged illegal registration at the special registration held Tuesday. To a reporter for THE NEWS, County Attorney Thos. E. Moore, Jr., made the following statement:

"It is far more important for the welfare of our citizens to have fair and honest elections than to accomplish any other result. As County Attorney I intend to do all that I can to reach that end in this county. I am willing and anxious to co-operate with all of our citizens on either side of this issue, or any issue, to prosecute all violators of the election laws. In order to have elections free from fraud and bribery it is necessary for the citizens to take an interest in seeing that the law is not violated, and, if violated, to obtain warrants against the guilty. It is also necessary that the election officers familiarize themselves with every detail of the law, and act strictly within the law. I would be glad to have all the election officers, and such other citizens that are interested in the fair elections to meet me and discuss their duties. At the proper time I will, as required by law, furnish the election officers with printed instructions as to their duties, and I expect them to strictly follow such instructions."

New Departure In Real Estate.

Dr. Henry, who recently bought of Mrs. Alexander eleven acres of land lying on Vine street near the L. & N. passenger depot, exhibited to us his plat of the proposed new street for this subdivision which we heartily endorse. The concrete walk will be in the center of the street, and on either side will be a grass plot ten feet wide with occasional shade trees and flower beds, and on either side of the grass plot will be a macadamized street twelve feet wide. He says he is going to establish a building line and obligate all the purchasers of lots to build a certain priced house. He says he is going to sell the lots very cheap to parties who will comply with his requirements. We predict that these lots will increase in value very rapidly as soon as building begins on this street. He will have the lots ready for the market within 30 days. Those contemplating buying will do well to wait for him and save money.

What
Mitchell
Says.

For fear some person may think that because I make a specialty of Soda Water and Candy, I am not in the Grocery business. I wish to say that we carry a full line of the best groceries. I want your trade and will do my best to please you with good goods. I beg to ask the indulgence of my patrons for a short time, while engaged in remodeling my store. For a long time I have not had room enough to comfortably seat my many Soda Water customers. It is my intention to double the seating capacity and also to provide the people of Paris and Bourbon county a strictly first-class Soda Water parlor.

In the meantime, we are prepared to wait on you in groceries, confections, soda, etc. Thanking my many customers for their liberal patronage, I am,

Yours truly,
C. B. MITCHELL.
